Foreword

GREETINGS TO OUR CUSTOMERS AND FRIENDS

Another year has passed and we take this opportunity to thank all of you whose orders made 1953 a record business year. We sincerely appreciate your faith in our nursery products and in the convenient service which we give.

We sell only the best hardy Northern-grown stock at very reasonable prices. All orders are numbered as they are received and filled in that order subject to stock on hand. For this reason, we suggest you order early.

POSTPAID POLICY

We prepay shipping charges on all plants (unless otherwise marked) providing your order totals \$3.00 or more. On all orders for less than \$3.00 include fifty cents (50c) for packing and handling.

PLEASE OBSERVE WHEN ORDERING:

1. All price lists issued prior to this catalog are hereby cancelled.
2. Prices are subject to change without notice.
3. All orders are accepted subject to stock being available at time of delivery and will be shipped in ample time for safe planting.

TERMS

Cash — Send Postoffice, Bank or Express Money Orders, Bank Draft, or Personal Check. No orders will be shipped C.O.D. (except shipping charges where indicated in catalog).

GUARANTEE

We guarantee all the stock we sell to be true to name, nevertheless it is understood and agreed that should any stock prove untrue to name this nursery shall not at any time be liable for any sum greater than the amount paid by the purchaser.

WHOLESALE

We do not issue a separate wholesale catalog but from time to time we do have surplus stock of many items on which we can quote prices to trade only. If you are a dealer, please write for wholesale prices and quote your needs.

Fairley's Landscape Service

Fairley's Nurseries maintain a free landscape consultation service. We will call on you in your own yard and offer suggestions on designing and planning your home surroundings. Advise on horticultural problems and care of plants is also offered. This service is very flexible and is custom tailored to fit the needs of each individual family. A suitable, functional design can be worked out to fit any budget. There is no charge for this service within our usual free delivery area.

We can save you 30 to 50% when you buy direct from us, the growers. Terms may also be arranged. Phone 3-6701 today for an appointment.

Hardy Chrysanthemums

Chrysanthemums are indispensable for a variety of late Summer and Fall flowers. This Spring we offer you a choice of approximately 200 named varieties. These were carefully selected from our test gardens of over 500 varieties which we grew last year. We selected only those that bloom early and profusely. Besides their garden beauty and value, they are unsurpassed for cutting floral work. Since we are in the business of growing these plants, we are in a position to sell them to you for considerable less than you will be able to buy them from jobbers who in turn buy them from the growers. **BUY DIRECT FROM THE GROWER AND SAVE.**

SWEETHEART GROUP

Extra Early Blooming English Mums

This is really a class by itself. These five Sweethearts offer a variety of colors and usually start to bloom in September and continue until frost. They are somewhat sprawly in their habits of growth and if desired to grow upright they must be staked. We recommend them for their climbing and covering ability. Very effective on slopes or banks. The flowers are all double and of medium size and very free bloomers.

Bronze Sweetheart, Christine Sweetheart, Egerton Sweetheart, Golden Sweetheart, and Salmon Sweetheart.

2 Each, 10 for \$2.50

Special Incurve Collection

OUTSTANDING

Chrysanthemums

HARDY ENGLISH VARIETY

We are listing all of our English "Mums" in one price range. Many of these will be selling elsewhere for two to three times the price we are asking. See the color chart page to help you in making a wide selection of colors. Order early to be sure you will get the named variety which you want. We will begin shipping Chrysanthemum transplants about April 20, 1954.

(See Page 14)

35c Each 12 for \$3.50 25 for \$6.50

(Postage Paid on Orders of \$3 or More)

Choose from the following list:

ALANA. A fine crushed strawberry pink. Large flowers of outstanding beauty. Slightly incurved—starts blooming in Sept.

ALFRETON YOEMAN. One of the newer varieties. Beautiful lavender-purple with silver reverse. Fine firm incurving florets. Straight stiff stems with giant seven-inch blooms with some disbudding. Sept.

ALPINE. A pure white of nice size. Was an award winner in England. Suitable for cut flowers. Medium early bloomer.

AMBER CROWN. Bright golden amber flowers with broad petals and quite tightly formed. Strong stems. Blooms about Oct. 1.

ANCASTER PINK. Imported from Ancaster, Ontario. New in '52 and is an outstanding pink in its class.

ARNHEIM. A fine large bloom of bright red-dish amber. Very early and one of the nicest ones we grow. Very popular in your flower garden. Aug.

AUGUST GLORY. An August blooming large golden bronze incurve. Recommended for areas which have early frosts.

AUGUST PINK. Lovely shade of clear rich pink. Vigorous grower with nice large blooms. Blooms in August.

AUGUST RED. Fine large extra double firm flowers in a nice shade of red. A most popular variety and a fine companion to the two just listed. Disbud for larger blooms.

BALCOMBE BRILLIANT. Very fine flowers of brilliant red. Nice large flowers that are freely produced. Should be disbudded for best results.

BALCOMBE GLORY. Richest yellow blooms of solid incurving type. One of our most popular varieties in its color class. September blooming.

BALCOMBE ORANGE. Very bright orange with golden reverse and golden splashes in center of flower. Flowers are large and reflexing with broad petals. Sept.

BALCOMBE TRIUMPH. Large solid slightly incurved bright red flowers with bronze reverse. Really a triumph of loveliness. May be disbudded.

BETTY RILEY. A reflexing bloom of great beauty. The flowers are shades of carnation pink which deepens toward the center.

BILL GILLEBRAND. Large, rich yellow, making an excellent show variety. One of the best of its color.

BOUNDLESS. Clear buttercup-yellow and a masterpiece among the large yellows. Strong, healthy grower and very popular.

BRAVADO. Crimson-scarlet with golden-bronze reverse. Does not fade. Is of excellent habit and a strong grower.

BRIDESMAID. A fine large blush pink suffused with light salmon. Truly as lovely as the name. Flowers 5 to 6 in. across if disbudded. Sept.

BRONZE EARLY BUTTERCUP. A variety that has always been a good seller. Rich deep bronze with golden reverse. A fine incurve that should be disbudded for best results.

BRONZE PRECOSE. Rich bright bronze ever-blooming from July until frost. Not as tall as some of the others so is very suitable for the front of the "Mum" garden.

BRONZE SWEETHEART. A very rich bronze with lots of gold tints. Needs no disbudding. A fine one for cut flowers. Aug.-Sept.

CARLOTTA. Rose-cerise with old gold reverse—a lovely unique color which has been greatly admired. Flowers are large with pointed reflexing petals. First class exhibition variety. Sept.

CHAMPION. A distinctive clear yellow of good size with wide firm petals and nice straight stems. Perfect habits. Sept.-Oct.

CHATTSWORTH. Copper-bronze in one shade throughout. Makes an excellent market flower as the flowers are medium sized and very well formed. Aug.

CHRISTINE SWEETHEART. Dusty rose with a touch of gold in the center. Nice foliage and strong stems. Oct.

CONSTANCY. Fine large cream white flowers of reflexing form. Should be disbudded for best results.

COPPELIA. A startling shade of Indian red which does not fade. Fine stiff stems and does just as well if not disbudded.

CORN COB. Bright tangerine-orange. Large flat flowers of good form and substance. September blooming.

CREAM DUCHESS. Cream shading to lemon yellow in the center of the bloom. Classed as an exhibition flower if disbudded. Sept.

DAUNTLESS. A showy bright orange. Very nice sized flowers with lots of substance. One of our outstanding varieties. Sept.-Oct.

DAYDREAM. Beautiful pale salmon flowers with nice reflexing form. Large 6 in. blooms which stand up through fall weather. Disbud for larger blooms. Sept.

DELIA. Medium shade of rose-pink and full reflexed flowers of immense size. Has broad petals of wonderful incurving texture. Another exhibition number if disbudded.

DOROTHY SPEAT. Superb shade of pink with golden salmon centers. Petals are rolled and reflexing. Sept.

DOROTHY VERNON. Another of the pinks with good full flowers. A sturdy grower. Sept.

EDENSOR. Creamy white reflexing flower with extra firm tinted petals. Fine for cut flower market. Sept.

EGERTON SWEETHEART. Salmon-bronze flowers which are excellent for cutting. Early blooming.

EMPIRE WHITE. A first class incurved white of great beauty and refinement. Splendid upright habits and best if disbudded. Sept.

EVANGELINE. Produces lovely large pink flowers in great profusion. Has nice long stems, and foliage is a shining dark green. Excellent for cutting. Canadian introduction. Aug.-Sept.

HARDY ENGLISH CHRYSANTHEMUMS (Continued)

FAIRMAID. Very large blush-pink—7 inches across if disbudded. Strong grower and fine texture. Sept.

FLORENCE HARWOOD. Bright rose with golden center overlaid with a suspicion of bronze, making a striking combination. One of our best. Sept.

FORWARD. A fine silvery pink with stiff petals and stems. If disbudded you will have an exhibition flower 6 inches across. Very popular. Sept.

FRED YULE. An excellent orange-bronze of incurving form. A most pleasing color and grand for exhibition. Sept.

GIFT. Rose with yellow center—very attractive combination. One of our newer Mums which visitors have liked.

GOLD CHARM. Very fine large golden yellow which disbuds well. Outstanding in its color field. Sept.

GOLD STANDARD. Another fine golden yellow of the incurved variety. Equal to greenhouse varieties if disbudded. Plants and stems are strong and vigorous. Sept.

GOLDEN EAGLE. A light creamy yellow, large deep shaggy blooms that must be disbudded for best results. A truly lovely Chrysanthemum. Sept.

GOLDEN HARVEST. Large slightly incurved bright golden yellow flowers which are excellent for cutting. Should be disbudded. Sept.-Oct.

GOLDEN SWEETHEART. The golden-yellow sport of the "Sweetheart Group." Early blooming.

GOLDEN WEST. Semi-incurved, large flowers of old gold. Good habits and fine for cutting. Sept.

HADDON. An effective shade of salmon terracotta. Medium sized flowers are produced in great profusion, literally covering the plant. Early blooming.

HAROLD PARK. Stylish incurving bloom of buttercup yellow. One of the newer ones which blooms early.

HIGH COMMAND. Deep mahogany-red with gold reverse. A superb incurving sort which grows strong and vigorous. Sept. blooming.

HOPE VALLEY. Pale mauve - pink which stands the weather well and is useful as a market variety. Early.

IMPERIAL. Fine large round blooms of golden yellow. One of the earliest yellows. Best if disbudded. Aug.-Sept.

JEANETTE. Burgandy flowers of medium size with nicely reflexed petals. The long stems make it desirable for cutting. Very popular. Canadian introduction. Sept.

JOYCE. A warm rosy salmon with nice reflexed blooms. Flowers are large and firm and of medium height. Sept.

LAERETES. Fine slightly incurved deep glowing wine-red. Reverse of petals has a silvery cast. Fine spray variety. Sept.-Oct.

LOVELACE. A bright medium sized prolific pink with nice wirey stems which make it exceptionally well suited for cutting. Sept.

LUSCIOUS. Apricot suffused bronze flowers—extra large and one of the very good early varieties. Aug.-Sept.

MADAME BUTTERFLY. White with an overlay of blush pink and creamy centers. Outstanding among the white varieties. Sept.

MADONNA. One of the best whites. Sturdy grower and combines with so many of the colored ones for bouquets and decorative work. Sept.

MARCELLE. A delicate shade of pink, large reflexed blooms with firm petals. Very pretty and blooms in early Sept. until frost.

MARION. White shading to canary yellow centers. Large 6 in. reflexing blooms when disbudded and is suitable for cutting and market sales. Sept.

MARY ROSE. A new Mum which is old rose color throughout. Blooms are large and reflexing. Aug.-Sept.

MAVOUREEN. Lovely lilac - pink full robust flowers—will measure 6 inches across if disbudded. Sept.

MERRY DEW. This Mum is bright red-bronze with gold reverse. It is a good grower with fine stems and foliage. One of the newer ones.

MINSTREL. An intense crimson-maroon that blooms early. Best if disbudded. Good in sprays and other floral arrangements.

MONSAL DALE. Creamy-pink reflexed flowers of large size. This Mum has small foliage and stands the weather well.

MONSAL HEAD. Truly a fall color of bright orange. Nice branched foliage. First time we have offered this Mum for sale. Sept.-Oct.

MRS. J. PHILLIPS. One of the older Mums but one that stands the test of time. A deep purple incurve that is distinctive in its color class. Sept.

MRS. J. PEARSON. One of our earliest bronze Mums which we have calls for the entire planting season. A good standby. Sept.

MY LOVE. One of our newer ball-shaped pompons on strong 30 in. plants. Petals are white, edged with purple on opening while entire flower shades to lavender in age. A very unusual sort. Oct.

OLDLAND SCEPTRE. Fine, large, incurving flowers of rich yellow. Excellent show variety. Only second year we have had these plants to offer the public. Early.

ORANGE LOVELACE. Glistening orange sprays of medium-sized blooms. Good growing habits and another of our newer ones. Sept.

ORANGE SWEETHEART. Orange sport from Salmon Sweetheart. You need this one to make your "Sweetheart Collection." Early blooming.

PAPARIKA. Bright sparkling orange - bronze flowers are produced in great array in nice sprays. Pompon type making it desirable for front of border. Canadian introduction. Sept.

PEACH SWEETHEART. Early blooming during Aug. and Sept. Medium sized flowers of distinctive pink. No disbudding.

PEARL SWEETHEART. A salmon-pink amber with reflexing shape. Has won English awards. One of the earliest Mums which we offer. Aug.

PERFECTION. Large creamy - white incurve. Very shapely and is a good one for floral work and cutting. Aug.-Sept.

PINK KING. Another large incurve of the pink variety with purplish-silver reverse. Has no duplication in the color field. Sept.

POLAR BEAUTY. One of our newer Mums which is white with cream center. Medium-sized blooms on well branched stems. Sept.

PRECLOSE SUPREME. Outstanding purple which blooms during the summer and continues on until frost. Recommended for areas of early frost.

HARDY ENGLISH CHRYSANTHEMUMS (Continued)

PRESIDENT. Bright red flowers which are reflexing and of medium size. Low growing and sturdy habits of growth. Sept.

PRUNELLE. A Canadian Introduction last year. Pompon type flowers in sprays of attractive shining ruby with a suggestion of purple. Compact and suitable for front of border.

PURPLE PRINCE. Good sized blooms of rich deep purple. Blooms early and continuously until frost.

QUAKER MAID. Another of our older Mums which has never been replaced or duplicated. Bronzy-red marked with bright gold. Aug.-Sept.

QUEENIE. A fine white Mum with yellow shadings. Must be seen to be appreciated. Good growth habits and suitable for cutting. Sept.

RED FLARE. A new Mum. Large decorative Mum which blooms a bright red with golden reverse. Good growth habits and keeps well when cut. Very popular variety. Sept.

RED SWEETHEART. Bronzy red flowers with gold reverse. Early and fine for cutting. Aug. and Sept.

REFULGENCE. Lovely large flowers of intense copper-orange. Drew much attention from the visitors. Second year to be offered. Sept.

RONALD. Rich plum crimson—an attractive new shade—blooms of stylish quality on long stems. Has won several English awards.

ROSE O'DAY. Produces masses of rose-pink flowers. The habit and foliage are ideal grown under ordinary garden conditions. Makes an excellent potted plant. Canadian Introduction. Sept.

ROSE PRECOSE. This precose is low growing of rose-pink. Blooms early and is a strong grower. Aug.

RUBY. Nice large ruby red flowers on beautifully shaped plants. Nice flowers for either disbuds or in sprays. Sept.

SALMON LOVELACE. Bright salmon flowers of medium size. This is a "sport" of Lovelaces. Hardy and a good standby. Medium early bloomer.

SALMON PRECOSE. A dandy garden variety which blooms from July on until frost. A good salmon color and good growing habits.

SALMON SWEETHEART. A lovely salmon "sport" of Sweetheart. Fine early cut flower variety. Aug.-Sept.

SAMARKAND. This very bright, rich bronze is a vigorous grower. The large, reflexed flowers are carried on good strong stems.

SEA GULL. Fine large white solid flowers. Large if disbudded. Blooms in late September. One of the newer ones.

SEA ROSE. Beautiful extra large cactus shape blooms of rose-pink. If you are looking for a new pink, this is it. Sept.

SERENUS. A fine large flowering white. Buds are tinted pink before opening. An excellent grower.

SIR WILFRED LAURIER. A Canadian Introduction and the first time we have offered it for our retail trade. It is lavender-pink and the flowers literally cover the plant of medium height in late mid-season. Long lasting.

SPARKLER. Produces masses of bright red flowers. Plant is quite low-growing and gives a striking effect in the border.

SUPERLATIVE. A huge white incurved variety of perfect shape. Flowers are solid, full and of fine texture. Strong grower with ideal foliage. This one is in the exhibition class. Sept.

SYMPHONY. In the "Mum" field this one has no duplication. A very distinctive type of coloring—creamy yellow tipped with lavender-pink. Solid blooms on nice erect stems which are suitable for cutting and floral work. Sept.

THE SWAN. This is a large flowered white with good stems and foliage. Petals are quilled and spiky, giving a fluffy airy effect. Canadian Introduction and the first time we have offered it for sale.

TIBSHELF ORANGE. A bright and showy orange. Certainly one of the best in its color class. Blooms in Sept.

TIBSHELF SHELL. A soft shell-pink which combines very well with so many of the others for bouquets and floral work. Good stems and foliage. Early Aug.

TYPHOON. One of our oldest ones but one of the best in its color class. Blooms fine rich crimson red which does not fade. Sept. blooming.

VICTORIA. A creamy white of outstanding quality. We can recommend this one for cutting and display. Sept.

VERNON. Pink with light yellow center. Grows quite tall with long stems. Sept.

VANITY. Crushed strawberry shading to cream—outstanding in your Mum garden. Sept.

VANGUARD. Deep crimson with gold reverse. Distinctively different. Sept.

WENDY. Bright orange—the kind of color you will appreciate in the fall for table decorations and other floral work. Sept.

WHARFDALE BRONZE. Fine large slightly incurved bronze. Sept. blooming.

WHITE EAGLE. Shaggy cactus-like blooms of white. Blooms are larger if disbudded. Sept.

WHITE SPLENDOR. Another large white one which does better if disbudded. Sept.

YELLOW BALL. Just as the name implies—a yellow bloom in shape of a ball. Good one for color harmony in your Mum garden. Sept.

YELLOW WENDY. Charming yellow "sport" of Wendy. Early blooming. Aug.

YELLOW WONDER. Clear yellow, large flowers with pointed petals. A variety that is beautiful and distinctive. Sept.

AMERICAN VARIETIES

The following Mums have been originated in this country by prominent growers and we offer them to you very highly recommended for their superior growth habits and their outstanding color array.

35c Each 12 for \$3.50 25 for \$6.50

ARAPAHOE. Hugh flowers which needs no disbudding. Rich red with reddish-bronze reverse. Petals are long and strap-like with slight waviness which gives them an informal appearance. Withstands repeated frosts as low as 25°. Continual bloomer.

AMERICAN VARIETIES (Continued)

AVALANCHE. This is a large fully double white with creamy center when opening. Has a distinct place in your "Mum" garden. September blooming.

AZTEX GOLD. New in 1951. Compact habit, double clear lemon-yellow. Suitable for cutting as well as the garden. Early October blooming and frost resistant.

CANARY WONDER. Lovely canary yellow sport of White Wonder. Excellent long stems for cutting. Late Sept.

CARMINE QUEEN. The best red pompon. Nicely shaped tall plant, fine for cutting. Mid-Oct.

CECIL BEED. An unique purple and of ideal habit, producing sprays suitable for cutting. It is admired by all visitors. Blooms in early Sept.

FAIRBOW. Heavy blooming lavender pink pompon. Splendid upright growth makes it a good cut flower. Early Sept. University of Chicago introduction.

GEN. MacARTHUR. Fully double blooms of coppery red. A very husky and showy early flowering variety.

GLADNESS. Much branched 15-18 in. plants, fully double 2 in. flowers of China rose. A real showy early September bloomer.

GLOWING COALS. Dark cherry red with orange reverse. Well branched plants—good cutter. One of the best early reds. Mid-Sept.

HUNTSMAN. Vividly brilliant scarlet-orange overcast with bronze. A grand fall colored flower—about 3 in. across. Lusty and hardy and a prolific bloomer. Early Oct.

LORENZO. Rich, shining dark Dianthus-purple with quilled petals. First time we have offered this one for sale. Very desirable.

MALINDA BROWN. A magnificent rose-pink with strong lavender undertones. Flowers are globular and mounded at center. Sept.

MARIONETTE. Rust red pompons on nicely branched 2 ft. plants. Nice for cutting.

MEDITATION. Full double blooms about 3 in. across. Firm two-toned flowers of light Jasper-red and maize-yellow with orange reverse. When mature the flowers are clear bright reddish-peach. Excellent cut flower. The 1948 "Mum of the Year." Early October blooming.

MING. Chinese-yellow with tangerine-orange center. Vigorous stems and an abundance of bloom. Ideal habit and greatly admired. First time we have had enough rooted cuttings to sell. Mid-Sept.

NEW PHILADELPHIA. Deep rose on tall stems. Always healthy and is super hardy. Early Oct.

NOKOMIS. A large pompon with full compact flowers of Indian-red fading to bronze as it ages. Late Sept.

ORIENTAL GLORY. Large double blooms of brilliant oriental red. Good variety for cutting. Sept.

OSCEOLA. A University of Nebraska Introduction. Long stemmed 3 in. flowers of bright yellow during early blooming season which take on coppery hues with the arrival of cool weather. Mid-Aug. until frost.

PONCA. Attractive sprays of double blooms resembling pompon Zinnias in form of purplish red shade. Very frost tolerant.

VIGILANT. Mahogany-red with gold reverse. Large flowers with broad petals. An ideal show flower. Sept.

W. P. SNYDER. This American variety is a large pompon of apricot-pink. Is a strong grower of medium height. Sept. blooming.

SPOONS

The Spoon Chrysanthemums are very unusual and interesting. Each petal is a tiny hollow tube or quill that flattens out at the end into a tiny spoon. On some varieties the tube and spoon are the same color and in other varieties the tube is one color and the spoon another.

Customer's Choice — Each 35c 12 for \$3.50

Postpaid If Order Amounts to \$3.00 or More

APRICOT SPOON. A pleasingly different spoon with tubes of apricot bronze and spoons of apricot rose. Very frost resistant.

CARDINAL SPOON. An outstanding different spoon with greenish gold tubes and cardinal red spoons. Good sized flowers.

CHARM SPOON. Rich dusty rose spoons with silvery white tubes. This is an especially nice new spoon.

CLASSIC SPOON. Large heavy textured rosy phlox purple with silvery tubes. Another new variety.

FUSHIA SPOON. A bold 3½ inch flower of sparkling fuchsia rose. A fine sturdy free flowering variety.

GARNETT SPOON. One of the finest spoons—garnet spoons with reddish purple tubes. Very striking. Oct.

IVORY SPOON. Silver glossed ivory.

JASPER SPOON. Combination of rich bronze and yellow.

LILAC SPOON. Large wide petaled flowers of lilac pink with silvery white tubes. Very lovely.

LOVELINESS SPOON. A grand new carmine-pink spoon, and outstandingly lovely variety with nothing else like it.

MAGNETA SPOON. Lovely magneta rose flowers in profusion. Spoon is rose and the tube is silvery white.

ORCHID SPOON. Lavender pink which makes a pretty feathery filling in bouquets of large flowers.

PUMPKIN SPOON. New of 1952. Densely branched plant with 3 inch blooms of persimmon orange aging to stafford yellow. Sept.

WHITE SPOON. Like other spoons with tiny yellow quills and little flattened spoons on the end of each quill.

YELLOW SPOON. Like orchid spoon only the color is yellow.

Cushion Chrysanthemums

Price: Each 35c 12 for \$3.50
Postpaid If Order Amounts to \$3.00 or More

A group of low-growing Mums, forming mounds of blooms reminding one of the old-fashioned Azalea. The plants grow from 12 to 18 inches high and have a spread of from 2 to 2½ feet. The flowers appear early in September and remain on the plants over a long period.

AMELIA CUSHION. A bright pink. "Mother" of all the Cushions. Aug.-Sept.

DEFIANT. Rosy purple mound of flowers. Aug.-Sept.

EARLY JOAN HELEN. An early blooming violet colored Cushion with a yellow center.

ETERNAL SNOW. Erect little plants of early white. First time we have had enough to sell. Aug.-Sept.

EDGAR A. GUEST. A new bronzy red. Aug.-Sept.

EXETER. Another new Cushion of fluffy quilled yellow—very dwarf.

HEATHERBLOOM. English dwarf Cushion. Large strawberry pink, blooms on dwarf Cushion-like plant. Very lovely. Aug.-Sept.

LADY JANE CLARK. A lovely dwarf Cushion of English origin. A lovely lavender pink, very early. Aug.-Sept.

LITTLE BOB. A lovely rosy salmon that is very new. Aug.-Sept.

MAJOR. An early Cushion of bright salmon pink. Aug.-Sept.

ORCHID HELEN. Orchid-pink flowers of unusual beauty. The plant is very vigorous and upright. Early Sept.

QUEEN CUSHION. A white Cushion that makes a good companion for Cushions. Aug.-Sept.

RED GOLD. Red-orange-gold Pompons. Sept.

RED MOUND. A lovely lavender rose button grows in a lovely Cushion. Another new variety. Aug.-Sept.

SANTA CLAUS. Large red double blooms with red centers. Aug.-Sept.

SPARKLE. One of the best new Cushion, 12 in. mounds with two-toned orange scarlet and golden yellow.

SUNSET. A pretty tight yellow Pompon on low bushes.

TECUMSEH. A superior Mum. Color is erythrite red changing to buff bronze with pink shadings during hot weather. Blooms from early August until heavy frost. University of Nebraska Introduction.

YELLOW SUPREME. The best of the low-growing bright yellow.

Button Chrysanthemums

This type is especially good for cut flowers. Each flower is about an inch across and is produced in large clusters and sprays. Most of them are September blooming.

Customer's Choice — Each 35c 12 for \$3.50
Postpaid If Order Amounts to \$3.00 or More

ARGONNE. Mid-season. A full, rounded Button Pompon of rich, jewel-like amaranth purple. Distinctive for its overwhelming mass of bloom on sturdy stems. Sept.

BO-PEEP. Splendid pom for the border or cutting. Light blush pink ground with crimson center.

CHIKUITA. A lovely profuse bright yellow. Early.

DARK JEWEL PINK. A brilliant deep rosy purple that surely is very outstanding. New. Sept.

DELPHINE DODGE. A very nice light pink.

FUCHSIA FAIRY. One of the cutest Mums. Nicely shaped 12 inch plants covered with 12 inch. flowers of a sparkling fuchsia shade. Sept.

GEM. A new bronze pom. Produces neat little flowers in great profusion. The plants are perfect and of upright growth.

MAGNOLIA. A free blooming large Button of soft pink and creamy white with soft yellow undertones. Early Sept.

MARQUITA. A sport of the lovely Rosita.

Light bronze buttons with deeper centers and overall pinkish sheen. Late Sept.

PEPITA. Quilled Button Mum of cream white.

PINK JEWEL. Prolific blooming light pink. Late Sept.

PURPLE JEWEL. Another one that is pretty in bouquets with flowers of a lighter shade. Early Sept.

ROSITA. Compact light Persian rose Button Pompon. Bush completely covered with little pink flowers.

SEPTEMBER BRONZE. The bronze tints of autumn are beautifully reflected in the shapely blossoms which shade from golden bronze to intense warm bronze.

SEPTEMBER GOLD. A bright gold dwarf.

WHITE BOUQUET. Bushy medium height plant covered with beautiful perfect little white buttons with a pearl-like sheen.

YELLOW DOT. This is a real button type pom. Color is rich yellow and the small round flowers are produced in profusion.

YELLOW JEWEL. A very lovely buff yellow sport of Jewel. Late Sept.

BONUS OFFER ON DAY LILIES

If your order for Daylilies amounts to \$5.00 or more you may select more Daylilies in one-half the amount of your order and these will be sent FREE. For instance, if your order amounted to \$6.50, you could select \$3.25 worth more. You would send us \$6.50 but you would receive lilies in the value of \$9.75.

HARDY LILIES

Large Blooming Size Bulbs
Each 50c \$5.00 per Dozen

- TIGER.** Rich salmon red with purple spots. Aug. and Sept. blooming.
- REGAL.** Anyone can grow these beautiful flowers in just common garden soil in the full sun. They are very hardy and showy. Color is white with a golden yellow throat with base of bells on outside pink. Regal lilies must be planted at least six inches deep and before April 15. Bulbs are large blooming size.
- RUBRUM.** Pink fused with darker spots, flat incurved. Very attractive in garden. Easy to grow.
- HENRYI.** Golden orange flowers—very free blooming in July and Aug.
- UMBELLATUM.** Large heads of light reddish orange flowers.

CANNAS

These lilies are unexcelled for large borders; their foliage is most attractive and somewhat resemble the foliage of various tropical plants. They bloom over a long period and make a magnificent display for a small cost. They can be grown in almost any soil but prefer one that is rather heavy. Where there is danger of freezing they should be dug after the first frost then stored the same as Dahlias.

Started Tubers, Red Flowering
Each 25c \$2.50 per Dozen

EREMURUS

(FOXTAIL LILY)

Aug. to Nov. Delivery and Shipping

Unusual perennial plants that should be planted in the Fall in your sunny border in a well-drained location. Hundreds of small flowerlets on 4 to 5 ft. spikes make a very showy plant. Colors are yellow, orange and salmon pink. Be the first to have some of these lilies in your neighborhood.

Each \$2.00 3 for \$5.00

PLANT EVERGREENS FOR LASTING BEAUTY!

Space will not permit us to go into detailed description of the varieties of Evergreens which we have. We have one of the largest and finest stocks of Evergreen Trees in the Northwest—about 40,000 in all. They are nice winter hardy and Northern grown with perfect soil and moisture conditions. We invite you to visit us and inspect our stock. Tree

will be dug fresh for your order with a good ball of soil.

Dealers write for Wholesale Prices.

Because of the size and weight, trees must be shipped Express Collect or Auto Freight Collect.

(Weeping). Golden yellow bark, narrow green leaves. 5 to 6 ft.	2.50

ANNUAL PLANTS

We grow and have for sale during Spring planting season all the annual plants. Many vegetables are ready to use much earlier if you get plants instead of growing them from seed out-of-doors. The same is true of flowers. You will enjoy a much longer blooming time if you set out started plants. We will have all the new varieties in flowers and vegetable plants.

IRIS

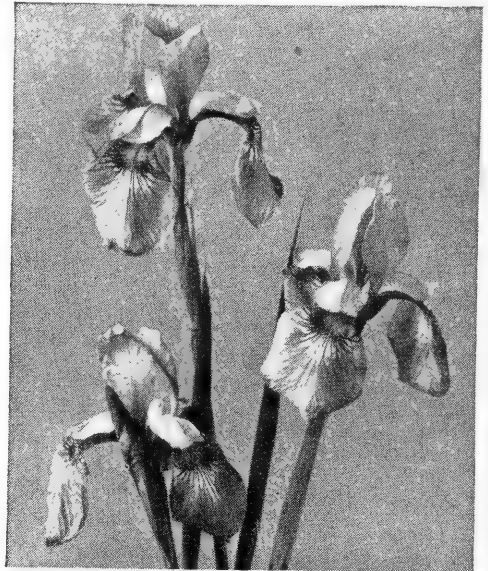

We grow the following Tall Bearded Iris. All our rhizomes are strong, healthy stock and will be shipped properly labeled. Visitors are more than welcome to visit and inspect our Iris fields at blooming time. Start shipping about July 1.

Each of the Iris in the following list is individually priced but to save you money when buying more than one of the same variety—

All Priced at 50c Each Are 3 for \$1.25 of One Variety
All Priced at 75c Each are 3 for \$2.00 of One Variety
All Priced at \$1.00 Each Are 3 for \$2.50 of One Variety

We Will Pay Postage on Orders of \$3.00 or More
